Répertoire numérique détaillé

Décembre 1992

Le fichier informatisé des références des dossiers de successions du consulat de France au Caire compte actuellement 2003 références.

Les dossiers de successions regroupés et retrouvés en partie dans les dossiers du tribunal consulaire du Caire récemment reclassés représentaent actuellement 96 cartons.

Guide d'utilisation

L'inventaire indique successivement pour chaque dossier saisi :

- le numéro de carton (dans lequel est conservé le dossier).
- le nom
- le prénom
- date de début
- date de fin

Lorsque le nom et la profession ne permettent pas d'identifier immédiatement les agents, le chiffre 1 lorsqu'il s'agit d'un agent de sexe masculin et 2 lorsqu'il s'agit d'un agent de sexe féminin a été ajouté derrière le nom.

Exemple : ANGYAL Louis Professeur
 ANGYAL 2 Professeur

Pour les femmes mariées, le nom de jeune fille est indiqué à la suite du patronyme du mari. En interrogeant la base à leur nom, on retrouve directement leur dossier.

Les particules ont été rejetées derrière le nom des agents.

Exemple : GERY (de) Jean
 ARMAGNAC (d') Jeanne

Les références sont éditées par ordre alphabétique de nom, puis de prénom selon le code ASCII, ce qui implique quelques petits changements par rapport à l'ordre alphabétique habituellement suivi dans les instruments de recherche.

Exemple : le « l' » vient avant le « la »
 L'HUISSIER suivi de LA CANH HIEN

 le « la S... » vient avant le « Lab... »
 LA SELLE suivi de LABADIE

 De même le « Le Be... » vient avant « Lebe... »
 LE BESCOND suivi de LEBERT

Lorsqu'un nom de famille est accompagné de précisions relatives à l'état civil de l'agent considéré, veuve, née..., il est classé après les noms identiques dépourvus de ces mentions.

Exemple : LE GOFF Yves
 LE GOFF (veuve, née MORVAN) Jeanne
